

## **give it all to you**

sun is shining in my door  
i give it all to you  
i don't need it anymore  
i give it all to you  
birds are singing in the trees  
i give it all to you  
children singing abc's  
i give it all to you

oh there's not a lot to say  
i'll just tell you anyway  
i give it all to you

oh i've got a little time  
i give it all to you  
words are flying into rhyme  
i give it all to you  
wind is singing high above  
i give it al to you  
when i'm feeling all this love  
i give it all to you

oh there's not a lot to say  
i'll just tell you anyway  
i give it all to you
